  - b. The manual for navigating the e-Visa website may be accessed [here](#), while the video user manual may also be accessed [here](#).
  - c. As most visas have a validity of 90 days, the visa becomes effective from the date of issuance. Please note that applying more than 90 days before the intended arrival date to Thailand may result in the visa expiring before use, requiring the applicant to re-apply for the visa.

- If an applicant has no middle or last name which is also reflected on their travel document, please DO NOT place “N/A” and merely leave the item blank.

While the information is automatically generated once the biopage of the travel document is uploaded to the e-visa system, the system prompts the applicant to manually review and correct, if necessary, the auto-generated fields. **Any discrepancies or errors in the personal information of the applicant will lead to visa cancellation without a refund.**

2. Processing time is approximately 10-15 working days, if complete documents are submitted.
  - a. If the application is incomplete, the processing time may be extended as the applicant may be requested to provide additional documents and appear for an in-person interview at the Embassy.
  - b. If an e-Visa application is submitted on a Saturday, Sunday, Embassy holiday, the application will be processed on the following working day.
  - c. **The Royal Thai Embassy reserves the right to request additional documents as it deems appropriate** on a case-to-case basis based on Thai Visa and Immigration policies.
